Dear Millie

Your letter rec, today. I had planned to go down next Monday to Oakland as a letter you must have rec. since yours was written would tell you. I would gladly put it off a week for the sake of spending the week with you at home, but if I do I cannot go to Aunt Jennie's at all as the Olmsteads will be there. So I think you will had better by all means come home as soon as you can. Send I shall have a little time with you and I shall be glad to think you are with Annie while I am away, tho'

morning you would not lose a great deal of your visit and you could go right over to the City and go with me to select carpets and stay there with me till Saturday and then return to the University. Send whether this plan exactly suits you or not dont fail to come home Saturday. Some one will go over to the 1st train Friday evening to meet Papa but I suppose you could not come then unless you cut assembly. Papa has gone up to Napa to be present at the Sonoma Lec. Fun. May be back Friday may not till Saturday. Yours Mamma.

I cant say that it will tend to make me good natured to lose so much of your visit home. I should go down this week but Papa is unwell and I dont think it best for both of us to be gone at once, neither do I think it would be just the thing to leave Bessie alone on the place, not that I doubt her being able to take care of herself, but I dont think it would be agreeable.

I am very glad you can come home and make us a little visit. The house is just about done. The man who is to do the graining of doors came up to day and will finish in a day or two. The closets are about done and the pantry and you cannot think how nice they are.

So go back to your coming home. I will put off going down till Tuesday and then go to Aunt Jennie's spend Tuesday night & Wednesday with her, Thursday I will go over to the City and Friday morning I shall be ready to select carpets and should be very glad to have you or Annie along I had talked of having her go but aside from the expense, the fear of her taking cold made me hesitate. Now if you could go down from here Friday
